^Oil & Gas Revenue was budgeted in these funds to lower/ replace a mill levy in 2021-22 and anticipated to be used in 2022-23 for the same purpose.

***These impacts are based on ESTIMATED mills using current (2021) certified taxable valuations provided by the MDOR for the current school year. 2022 Taxable Property Valuations will not be available until the end of July 2022. The new figure will include newly taxable property, changes in assessed value and have an impact on the number of mills levied as well as the tax impact on a \$100,000 and \$200,000 home**

- The number of mills levied will be impacted by ending Fund Cash Balances as of 6/30/2022 to be re-appropriated for the 2022-23 fiscal year*
- The number of mills levied will be impacted by the amount of estimated 2021-2022 revenue actually received by 6/30/2022 (including taxes currently levied, assessed and outstanding)*

A PERMISSIVE LEVY IN THE BUILDING RESERVE IS UNDER CONSIDERATION FOR THE FOLLOWING SCHOOL FACILITY MAINTENANCE PROJECTS/SAFETY & SECURITY MEASURES:

- *2021-2022 Safety & Security Improvements (including updated district-wide bell/intercom systems)*
- *Updates to boilers/heating systems/roofs (including repairs/updates to Admin Building & High School Gym Heater)*

2022-2023 projects are anticipated to be completed with fund cash balances available as of 6/30/23, oil & gas revenue and a permissive levy in the Building Reserve.
